## ABOUT THE UPDATE

Nelson County is currently in the process of revising and updating the Comprehensive Plan. The Comprehensive Plan is a long-range, high-level planning document that addresses topics such as land use, development, community amenities, transportation, housing, and the economy. The plan outlines the community's long-term vision and strategies to achieve that vision. The policies defined in this document guide the County's future direction and priorities for growth, services, and land use regulation.
